Chairman's report

1. Section finance problems (update in May 2017)

- Hong Kong (HK) Section still has not recovered control of the Section bank accounts.
- Mr YW Liu, resigned Interim Treasurer 2016, is still refusing to handover the any reimbursement claim forms, claimed receipts or ledgers to HK Section. He still has not disclosed the authorized signatories of the Section's Bank accounts for HK Section to conduct internal audit.
- HK Section still cannot make payments to operate Section activities and reimburse claims to chapters which have all their money in the Section's centralized account.

2. HK Section Documents and Website problems (update in May 2017)

- Mr Edward YH Cheung, a self-proclaimed 2016 Section Executive Committee Member who has control of the HK Section Website domain name, is still refusing to handover the Website domain name back to HK Section. So HK Section still cannot have an official website domain to serve IEEE members.
- Mr Edward YH Cheung and Mr YW Liu are still keeping all the HK Section documents in the Section Office in Industry Centre of Hong Kong Polytechnic University.

3. Vote-rigging in the ITFC and ICAC (update in May 2017)

- HK Section has reported the incident to Region-10 Director, IEEE President and IEEE Chair-elect.
- In March, the Hong Kong Independent Commission Against Corruption (HKICAC) arrested 72 persons for allegedly engaging

in corrupt conduct of vote-rigging in the Information Technology Functional Constituency (ITFC) of the 2016 Legislative Council (LegCo) Election. Most of these persons registered as electors of the ITFC through their memberships with two professional organizations in the information technology (IT) field. According to the ICAC, these arrestees have backgrounds ranging from students, clerks, drivers to housewives, and might not possess the requisite academic qualifications and/or working experience in the IT field to qualify them for membership of the IT professional organizations.

- Since IEEE membership admissions in all countries are handled by the IEEE Headquarters in the USA, HK Section has not been involved in it the past 40 years,

Chapter activities:

The IEEE Hong Kong EMC Chapter (EMC)

EMC Chapter, as a supporting organization, organized 2 seminars titled “2018 EU Eco-Design Requirement and Regulatory Requirements for Lighting Products” and “FCC/IC approval on ITE/RF product, especially no MRA between US and China government” in the Hong Kong Convention and Exhibition Centre. The speaker of the first seminar was Mr. Dickson MAK from the Hong Kong Standards and Testing Centre (STC) and the seminar covered the latest regulatory requirements for lighting products to be sold in Europe. The speaker of the second seminar was our IEEE Hong Kong EMC Society Chapter Chair 2017, Dr. LEE Kam Chuen from the Hong Kong Standards and Testing Centre (STC), and the seminar covered the FCC and IC rules and regulatory requirements for ITE and RF products to North America. These 2 seminars were part of the programme to promote local testing and certification services to international buyers. The Hong Kong Council for Testing and Certification (HKCTC) Secretariat had cooperated with Hong Kong Association for Testing, Inspection and Certification (HKTIC) to arrange this series of seminars at the trade fairs.

Mr. Dickson Mak (STC) presented a seminar on “2018 EU Eco-Design Requirement and Regulatory Requirements for Lighting Products”

IEEE Hong Kong EMC Society Chapter Chair 2017, Dr. LEE Kam Chuen presented the seminar in the Hong Kong Electronics Fair (Spring Edition).

Seminar Speaker Dr. LEE Kam Chuen received good feedbacks from audience / international buyers about the latest FCC rules and regulatory requirements.

Call for Paper: the IEEE International Conference on Industrial Engineering and Engineering Management (IEEM) 2017:

The IEEE International Conference on Industrial Engineering and Engineering Management (IEEM) is the leading international forum to disseminate, to all branches of industries, information on the most recent and relevant research, theories and practices in IEEM. All submissions are subjected to rigorous review before an acceptance decision is made. This conference has been hosted by leading

universities in Asia and has been attended by around 500 participants from 50 countries each time.

This year's IEEM2017 will be held in Singapore from 10-13 December. Within the sunny island city one can expect to find a wide variety of cuisines and attractions that blend together different cultures to serve up a "Uniquely Singapore" experience.

Paper Submission Deadline: 1 Jun 2017

Notification of Acceptance: 1 Aug 2017

Final Paper Due: 1 Sep 2017

Author Registration Deadline: 1 Sep 2017
