## Section activities:

### Chairman's report

#### 1. Section finance problems

- Hong Kong (HK) Section still has not recovered control of the Section bank accounts.
- Mr YW Liu, resigned Interim Treasurer 2016, is still refusing to handover the any reimbursement claim forms, claimed receipts or ledgers to HK Section. He still has not disclosed the authorized signatories of the Section's Bank accounts for HK Section to conduct internal audit.
- HK Section still cannot make payments to operate Section activities and reimburse claims to chapters which have all their money in the Section's centralized account.

#### 2. HK Section Documents and Website problems

- Mr Edward YH Cheung, a self-proclaimed 2016 Section Executive Committee Member who has control of the HK Section Website domain name, is still refusing to handover the Website domain name back to HK Section. So HK Section still cannot have an official website domain to serve IEEE members.
- Mr Edward YH Cheung and Mr YW Liu are still keeping all the HK Section documents in the Section Office in Industry Centre of Hong Kong Poly University.

#### 3. Vote-rigging in the ITFC and ICAC

- Last month, the Hong Kong Independent Commission Against Corruption (HKICAC) arrested 72 persons for allegedly engaging in corrupt conduct of vote-rigging in the Information Technology Functional Constituency (ITFC) of the 2016 Legislative Council (LegCo) Election. Most of these persons registered as electors of the ITFC through their membership with two professional organizations in the information technology (IT) field. According to the ICAC, these arrestees have backgrounds ranging from students,

clerks, drivers to housewives, and might not possess the requisite academic qualifications and/or working experience in the IT field to qualify them for membership of the IT professional organizations.

- Since IEEE membership admissions in all countries are handled by the IEEE Headquarters in the USA and HK Section has not been involved in it the past 40 years, HK Section has reported the incident to Region-10 Director, IEEE President and IEEE Chair-elect.
- HK Section is politically neutral before and during the last election. We have not involved or funded any politically activities with IEEE names.
- HK Section has no problem in this incident since we have never heard from Headquarters about any lowering of standards in qualifications and experiences for memberships of Graduate Members, Full Members and Fellow Members of the two Chapters, who are eligible to be voters in the IT Functional group.

**Wish you a happy Easter!**

## Call for Paper: the IEEE International Conference on Industrial Engineering and Engineering Management (IEEM) 2017:

The IEEE International Conference on Industrial Engineering and Engineering Management (IEEM) is the leading international forum to disseminate, to all branches of industries, information on the most recent and relevant research, theories and practices in IEEM. All submissions are subjected to rigorous review before an acceptance decision is made. This conference has been hosted by leading universities in Asia and has been attended by around 500 participants from 50 countries each time.

This year's IEEM2017 will be held in Singapore from 10-13 December. Within the sunny island city one can expect to find a wide variety of cuisines and attractions that blend together different cultures to serve up a "Uniquely Singapore" experience.

Paper Submission Deadline: 1 Jun 2017

Notification of Acceptance: 1 Aug 2017

Final Paper Due: 1 Sep 2017

Author Registration Deadline: 1 Sep 2017
